SCHOOL FINANCE MEMORANDUM 00-015

TO: Personnel Director, Superintendents
FROM: Marcie Celaya, Delrep Coordinator
DATE: October 4, 1999
SUBJECT: SDER Delrep Import Replacement Disk

We are enclosing a replacement SDER Delrep Import disk, with a revised SDER table. The SDER data table on the original disk caused conflicts in Delrep 2.1, but the problem has been corrected. If you have already imported the table from the disk you received in your SDER package in September, you will need to re-import the SDER table from this replacement disk. This will overwrite any corrections you have made. Despite this, we expect that for the vast majority of districts it will be easier to re-import than to continue working with the original table.

If you have already created an ADE diskette and sent the disk or file to ADE, this data will be processed. The conflicts did not affect the disk creation process. However, your data did not archive properly and you will need to contact me at (602) 542-8797 or your Regional Training Center for instructions on how to archive your data.

We apologize for any inconvenience this may have caused.
